

S-Monovette®

New marking of the product labels according to **IVDR (EU) 2017/746** and **ISO 6710:2017**

An update of the marking of all S-Monovette® labels will be carried out in the course of the implementation of the requirements from the new regulation on **in vitro diagnostic medical devices IVDR (EU) 2017/746** as well as recommendations from the **ISO 6710:2017** standard.

The associated label conversion of the large number of S-Monovette® variants in our range will be implemented in the course of 2021.

The following overview shows the S-Monovette® labels in the previous and new versions.

The filling volumes per preparation has been selected as representative.

EU colour code standard preparations		Other preparations	
previous	new	previous	new
Weißer Drucken auf Etikett	Weißer Druck auf Etikett		
		White print on label	White print on label
