

Urine Drainage

Product solutions for the individual patient care

A06 W

- ✓ Needle-free and flat sampling site
- ✓ Attachment of the exchange bag with Bayonet-lock
- ✓ Universal attachment with elastic straps and additional hooks
- ✓ Exchange bags are available with 2,000 ml and 3,000 ml capacity

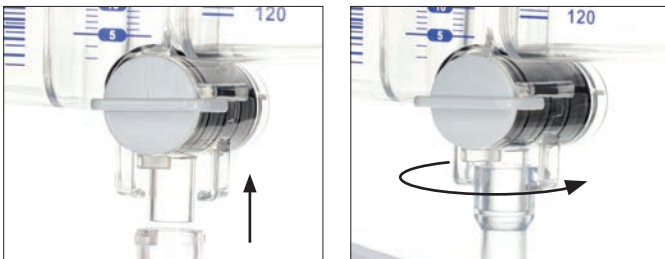

Precise Reading

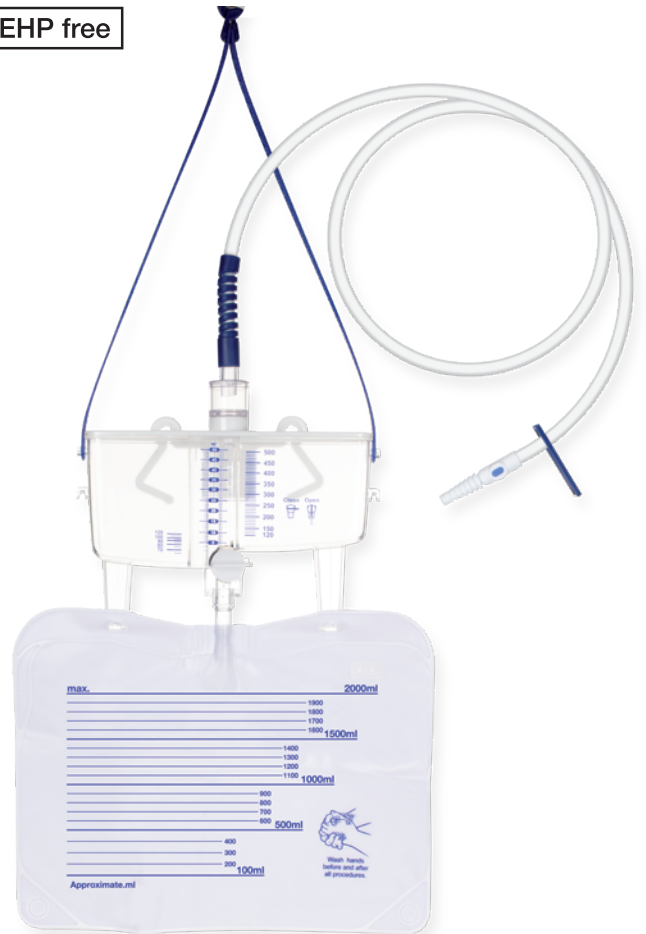

The precise and easily readable graduations facilitate accurate output readings. The total measuring volume of 500 ml and the clear and concise graduations enable an accurate balancing of large urine volumes. Volumes exceeding 500 ml are automatically diverted through the integral overflow chamber and drained into the collection bag.

Hygienic & user-friendly exchange bag

The Bayonet-Lock enables a quick and hygienic exchange of the bag and a secure connection to the measuring chamber.

DEHP free

Needle-free sampling

Needle-free, flat sampling site for secure disinfection and sampling.

UD 3PLUS

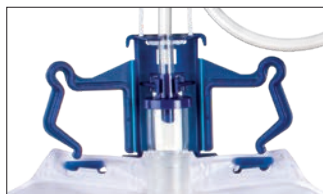

- ✓ Needle-free and flat sampling site
- ✓ Large double hook
- ✓ 2 tube lengths: 100 cm and 120 cm
- ✓ 2,000 ml capacity

The System for the immobile patient

Closed drainage system for the hygienic care of catheterised patients with long-term confinement.

Large double hook

The large double hook allows easy and secure attachment to the bed rails.

Drip Chamber

With hydrophobic ventilation for optimal pressure compensation and urine flow. The drip chamber enables optimal protection against ascending migration of bacteria. The horizontal membrane reflux valve ensures optimal urine flow from small to large volumes and prevents urine reflux regardless of the drainage bag position.

DEHP free

Needle-free sampling

Needle-free, flat sampling site for secure disinfection and sampling.

TUR-BAG

- ✓ Needle-free and flat sampling site
- ✓ Available with and without pumpball
- ✓ 4,000 ml capacity

The bag for bladder irrigation

A closed urine drainage system for the post-operative bladder irrigation.

Pumpball

With pump ball for controlled postoperative bladder irrigation, especially after prostate resection.

Needle-free sampling

Needle-free, flat sampling site for secure disinfection and sampling.

DEHP free

DRAINAGE BAG

- ✓ Universal step connector with integrated pierceable membrane for urine sampling
- ✓ Large diameter drainage tubing for optimal urine flow
- ✓ 2,000 ml capacity

DEHP free

Optimal Patientcare with the drainage bag

The drainage bag features an extra strong foil and a bacteria-proof, hydrophobic bag ventilation.

T-Tap drainage valve

Easy-to-handle T-Tap drainage valve and effective protection from contamination.

Needle-free sampling

Needle-free, flat sampling site for secure disinfection and sampling.

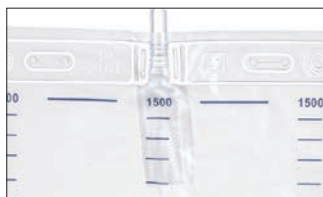

URINE- AND SECRETIONBAGS

- ✓ universal step connector
- ✓ The urine- and secretion bags are available with 1,500 ml and 2,000 ml capacity
- ✓ Tube length 90 cm
- ✓ Available in sterile and non-sterile

Anti-Reflux Valve

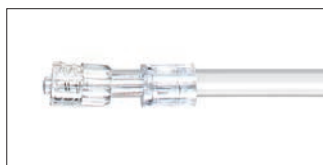

The anti-reflux valve reliably prevents urine from flowing back.

Push-pull drainage valve

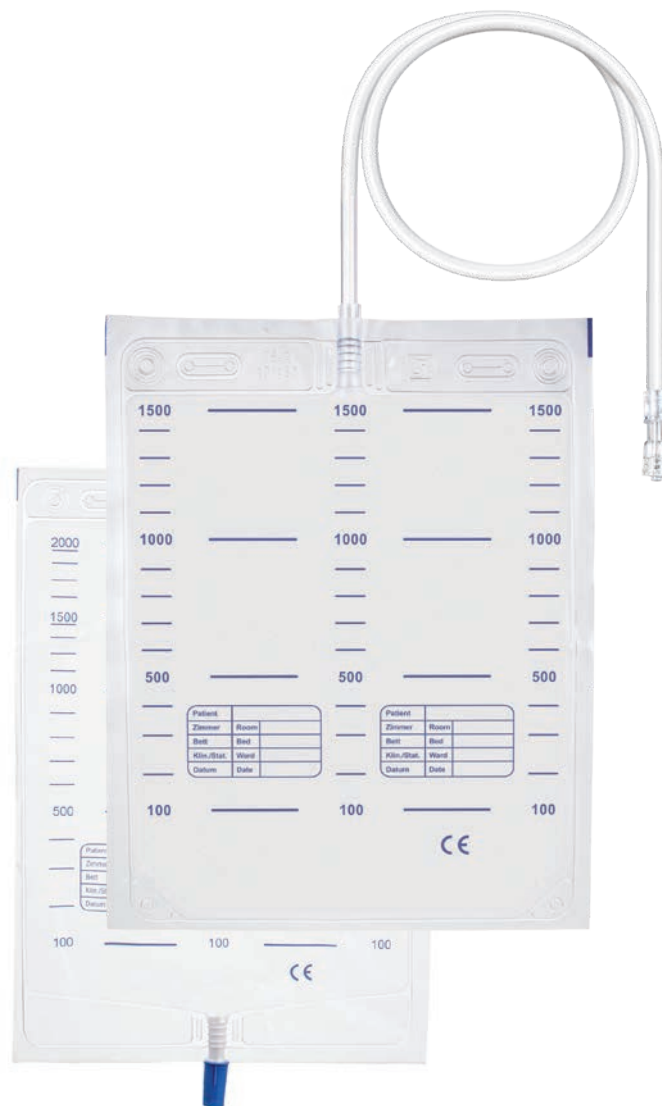

The push-pull drain valve enables quick and easy / hygienic emptying of the bag.

Luer-Lock connector

The (male) Luer-Lock connector allows safe connection to (Gall)-drainages.

UROSTRETCH

- ✓ No contact of the leg bag with the skin
- ✓ Full length fixation of leg bag surface
- ✓ Reduction of liquid noise

UroStretch leg bag attachment

The stretch fabric, tubular bandage for the attachment of urine leg-bags. Usable with all leg bags up to 750 ml. UroStretch is reusable, washable in warm water (40°C), and offers high user comfort.

ORDER INFORMATION

Urine Measuring System A06 W

Ref	Description	Pcs./Box
74.5681.200	Urine measuring system A06 W 500 ml with 2.0 l exchange bag without drainage tap, with elastic straps and additional hooks, individually packed, sterile	10
74.5684.001	Exchange bag 2.0 l for A06 W without drainage tap, individually packed, sterile	50
74.5684.002	Exchange bag 2.0 l for A06 W with drainage tap, individually packed, sterile	50
74.5685.001	Exchange bag 3.0 l for A06 W without drainage tap, individually packed, sterile	50
74.5685.002	Exchange bag 3.0 l for A06 W with drainage tap, individually packed, sterile	50

UD 3plus

Ref	Description	Pcs./Box
74.5330.500	UD 3plus urine drainage system 2.0 l, with double hook, tube length 100 cm, individually packed, sterile	20
74.5330.520	UD 3plus urine drainage system 2.0 l, with double hook, tube length 120 cm, individually packed, sterile	20

TUR-BAG

Ref	Description	Pcs./Box
74.5340.500	TUR-BAG 4.0 l with pump ball, tube length 100 cm, individually packed, sterile	10
74.5340.501	TUR-BAG 4.0 l without pump ball, tube length 100 cm, individually packed, sterile	20

Drainage bag

Ref	Description	Pcs./Box
74.5485.005	Drainage bag 2.0 l, with anti-reflux valve, T-Tap drainage valve, tube length 100 cm, individually packed, sterile	50

Urine- and secretionbags

Ref	Description	Pcs. / Box
74.5218.101	Urine bag 1.5 l, with anti-reflux valve, push-pull drainage valve, tube length 90 cm, non-sterile	150
74.5228.101	Urine bag 2.0 l, with anti-reflux valve, push-pull drainage valve, tube length 90 cm, non-sterile	150
74.5228.005	Urine bag 2.0 l, with anti-reflux valve, push-pull drainage valve, tube length 90 cm, individually packed, sterile	100
74.5283.101	Urine bag 1.5 l, with anti-reflux valve, tube length 90 cm, non-sterile	200
74.5283.005	Urine bag 1.5 l, with anti-reflux valve, tube length 90 cm, individually packed, sterile	100
74.5284.101	Urine bag 2.0 l, with anti-reflux valve, tube length 90 cm, non-sterile	200
74.5284.005	Urine bag 2.0 l, with anti-reflux valve, tube length 90 cm, individually packed, sterile	100
74.5281.101	Urine- and Secretion bag 1.5 l, tube length 90 cm, non sterile	200
74.5281.005	Urine- and Secretion bag 1.5 l, tube length 90 cm, individually packed, sterile	100
74.5282.101	Urine- and Secretion bag 2 l, tube length 90 cm, non-sterile	200
74.5282.005	Urine- and Secretion bag 2 l, tube length 90 cm, individually packed, sterile	100
74.5286.005	Gall secretion bag 1.5 l without drainage tap, with Luer-Lock, tube length 90 cm, individually packed, sterile	100

UroStretch

Ref	Description	Pcs. / Box
74.5767.001	UroStretch, size: small	10
74.5767.002	UroStretch, size: medium	10
74.5767.003	UroStretch, size: large	10
74.5767.004	UroStretch, size: extra large	10
