

### Product description

Order number	20.1346.100
Product description	Microvette® 500 Lithium heparin gel LH, capillary blood collection, preparation: Lithium heparin gel, nominal volume: 500 µl, (LxØ) with cap: 47.6 x 10.8 mm, with print, cap green, flat base, inner receptacle: cylindrical, 100 piece(s)/case

### Product characteristics

Type of collection	capillary
Type of preparation	Lithium heparin gel
Colour code	ISO
Label/ Print	with print
Colour of print/label	green
Cap	cap
Application	capillary blood collection
Base shape	flat base
Volume of work	325 µl - 500 µl
Recommended centrifugation	10000 x g
Centrifugation time	5 Min

This is the current specification for this product. Sarstedt reserves the right to make changes, in full or in part, at any time without prior notification.

Shape of inner tube                      cylindrical

### **Size**

Sample volume                              500 µl  
Diameter                                      10.8 mm  
Length including cap                      47.6 mm  
Length excluding cap                      46.6 mm

### **Material & colours**

Product material                            Polypropylene (PP)  
Colour of product                            transparent  
Closure material                            High Density Polyethylene (HD-PE)  
Colour of cap                                 green

### **Purity & certification**

Product category                            In vitrodiagnostic device, CE  
CE certified                                 CE  
Batched                                        yes

### **Packaging**

Minimum order qty.                        1000  
Type of smallest  
subpackaging                                case  
Piece(s) / inner box                        100  
Piece (s) / outer case                       1000  
Piece(s) / pallet                            121000  
Depth of box                                139 mm  
Width of box                                 108 mm  
Height of box                                66 mm  
Depth of case                                338 mm  
Width of case                                228 mm  
Height of case                                160 mm  
Case volume                                 0.0123 cbm  
Weight of product                           0.0022 kg  
Weight of case                               2.66 kg  
EAN of inner box                            4038917127868  
EAN case                                      4038917028790
